

Central Oregon Woodworkers 2010-2011 Mystery Project Rules

1. You must get the project (sealed in the box) to the next meeting so it can get passed on - no matter what
2. You cannot remove anything from the project except to mortise, route, trim, etc to make what you are adding fit
3. All hardware used to add your part to the project must be hidden unless the hardware is an aesthetic part of your addition
4. Whatever you add to the project becomes the property of Central Oregon Woodworkers - you don't get anything back
5. You cannot tell or show anyone what you have seen inside the box
